WHAT IS GOOD.  
"What is the real good?"  
I asked in musing mood.  
"Order," said the law court;  
"Knowledge," said the school;  
"Truth," said the wise man;  
"Pleasure," said the fool;  
"Love," said the maiden;  
"Beauty," said the sage;  
"Freedom," said the dreamer;  
"Home," said the age;  
"Fame," said the soldier;  
"Equality," the seer;  
"Spoken heart only";  
"The answer is not here."  
Then with my bosom  
Softly this I heard;  
"Each heart holds the secret;  
"Kindness is the word."

LETTER FROM DR. W. P. LAWRENCE.  
Y. F. HOSPITAL,  
1ST REG'T, DIV. 1ST A. C.,  
SACRED SPIRITUS CURA  
DEC. 29, 1898.

MY DEAR MOTHER:  
After landing at San Luis I took the  
yellow fever car and started out to find  
a camp site. A Cuban doctor accom-  
panied me to pilot me to a suitable spot.  
We went 10 or 12 miles inland and stopped  
at the place he had reference to. Of  
all the places I ever saw this was the  
worst one for a camp. Low, flat and  
with grass higher than my head and  
alive with mosquitoes. I explained that  
was not the place I was looking for and  
we moved further on and stopped again.  
This place was but little better than the  
first and as night was approaching I  
concluded I would go back and take an  
early start the following day, the Cuban  
promising to get a house for me for my-  
self and patient for the night, which he  
did.

Next morning with my outfit consist-  
ing of one yellow fever case and six  
others who had been exposed to infection  
and were to be kept by me for five  
days in detention camp, I took three nurses  
and three hospital corps men, with  
tent, mosquito net, and other things, and  
medicine, we started, and located a  
camp on the Cajun River about  
nine miles from San Luis. Tents  
were pitched in grass three feet high  
and patients put in them when night  
came. I slept in an empty car.

Then came the work of cleaning up  
the ground, six Cubans who had  
machetes were employed to clear up.  
In a few days I had everything in ship  
shape, my patient doing nicely and no  
other developments, I had time to look  
around.

Our camp was situated on high rolling  
ground near the bank of the river  
mainly above, in fine view of the moun-  
tains near San Luis. The water of  
the river was clear as glass and I could  
see fish of the perch variety in all the  
deep places. The banks of the stream  
were covered with tropical growth, palms,  
etc. Several birds, parrots and other  
kind kept the echo ringing with their  
sweet notes; familiar sounds, the quail's  
call and peck of quince hens brought  
me nearer home. Ruins of old build-  
ings of some pretension showed that  
in former days this part of the Island had  
been cultivated, but now, palm  
thicket and dense, dirty, sticky, half  
starved inmates told the tale of mis-  
adventure and warfare. Over half the  
people I saw suffering from malaria (chill  
and fever) I held a levee each day and  
ministered to their many ailments, the  
greater proportion were suffering from  
malaria and starvation. To see a grown  
man, skin and bone only, and a child  
that swelled and reminded me of  
"Old Joe" dog and the bedstead book.

After staying here until day after  
Christmas the sick being well again, we  
moved the hospital to my present loca-  
tion three miles north of San Luis.  
One-half mile from 4th Tennessee  
camp. On a hillside made up of two  
creeks (names unknown). I have a  
beautiful location and I think as healthy  
as can be found in the island. I have

QUESTIONS AND ANSWERS OF GENERAL  
INTEREST.  
[Courier-Journal, 2-11-99.]  
Louisville.—Will you kindly enu-  
merate some of the notable cold spells in  
history?  
S. R. A.

The first cold snap of which there  
appears to be any authentic record oc-  
curred in the year 406, when the Rhine  
Sea was frozen over for twenty days.  
From October, 763, to the following  
February the seas about Constantinople  
were frozen a hundred miles from  
shore. A cold wave is said to have  
swept over England on a midsummer  
day in 1085. In 1603 the Thames was  
frozen over for fourteen weeks. From  
November, 1076, till the following April,  
England had exceptionally cold weather.  
The Cotswold was entirely frozen in  
1294. In 1433 the cold was so intense  
that the birds sought shelter in the  
houses of Germany. In 1492 the Rhine  
was frozen and passengers crossed be-  
tween Denmark and Sweden. In 1594  
the Rhine and the Scheldt, and the sea  
at Venice were frozen. All the rivers  
of Europe and the Zuyder-Zee were  
frozen and ice was in the Hellespont  
in 1622. Birds perished in England,  
the forest trees were split and the  
Thames was covered with eleven inches  
of ice in 1684. In 1691, the cold drove  
the wolves into Vienna, where they at-  
tacked people in the streets. The win-  
ter of 1788-89 was a hard one through-  
out Europe. The winters of 1810 and  
1812 were severe in Russia. That of 1816  
was rendered especially notable by the  
awful Russian campaign of Napoleon.  
On January 2, 1819, the cold was so in-  
tense in parts of Norway that quick-  
frozen and persons exposed to the at-  
mosphere lost their breath. In 1850  
the cold was severe in the United  
States, the mercury congealing in the  
Northern Indiana in January. The  
cold was also notable in January and  
February, 1856; December 2, 1890; Jan-  
uary 5, 1891; December, 1874, and Jan-  
uary, 1881.

Spain's Greatest Need.  
Mr. R. P. Oliva, of Barcelona, Spain,  
spends his winters at Aiken, S. C. Weak  
nerves had caused severe pains in the  
back of his head. On using Electric  
Belt, America's greatest Blood and  
Nerve Remedy, all pain soon left him.  
My candle is getting low so must bid  
you all good night, with best love to  
all and yourself and papa in particular.  
Wishing you a merry Christmas and  
happy New Year, I am as always,  
Your affectionate son,  
W. P. LAWRENCE.

A Narrow Escape.  
Thankful words written by Mrs. A.  
E. Hart, of Groton, S. D.: "Was taken  
with a bad cold which settled on my  
lungs, coughed in and finally termi-  
nated in Consumption. Four Doctors  
gave me nothing but a long life, but a  
short time. I gave myself up for lost,  
but my friend, Dr. King's New Dis-  
covery for Consumption, Coughs, Colds,  
I gave a trial, took in eight bottles.  
It has cured me, and I thank God I am  
saved and now a well and healthy  
woman." Trial bottles free at Perry and  
Thomas Drug Store. Regular size 50c

The Importance of Informing The Public of  
The Value of an Article Through The  
Leading Newspapers.

The world remedies which have at-  
tained to wide fame, as truly  
beneficial in effect and gives satis-  
faction to millions of people everywhere,  
are the products of the knowledge of  
the most eminent physicians, and pre-  
sented in the form most acceptable to  
the human system by the skill of the  
world's great chemists; and one of the  
successful examples is the Syrup of  
Figs manufactured by the California  
Fig Syrup Co. Unlike a host of imita-  
tions and cheap substitutes, Syrup of  
Figs is permanently beneficial in its  
effects, and therefore lives and pro-  
motes good health, while inferior pre-  
parations are being cast aside and for-  
gotten. In olden times if a remedy  
gave temporary relief to individuals  
here and there, it was thought good;  
but now-a-days a laxative remedy must  
give satisfaction to all. If you have  
never used Syrup of Figs, give it a trial,  
and you will be pleased with it, and  
will recommend it to your friends or to  
any who suffer from constipation, or  
from over-eating, or from colds, head-  
aches, biliousness, or other ills result-  
ing from an inactive condition of the  
kidneys, liver and bowels.

In the process of manufacturing the  
pleasant family laxative made by the  
California Fig Syrup Co., and named  
Syrup of Figs, are used as they are  
pleasant to the taste; but the medicinal  
properties of the remedy are obtained  
from an excellent combination of  
plants known to be medicinal laxa-  
tives and to act most beneficially. As  
the true and original remedy, named  
Syrup of Figs, is manufactured by the  
California Fig Syrup Co. only, a  
knowledge of that fact will assist in  
avoiding the worthless imitations man-  
ufactured by other parties. The Com-  
pany has selected for years past the  
leading publications of the United States  
through which to inform the public of the  
merits of its remedy, and among them  
the CLIMAX is included, as will be  
shown by reference to its advertising  
columns.

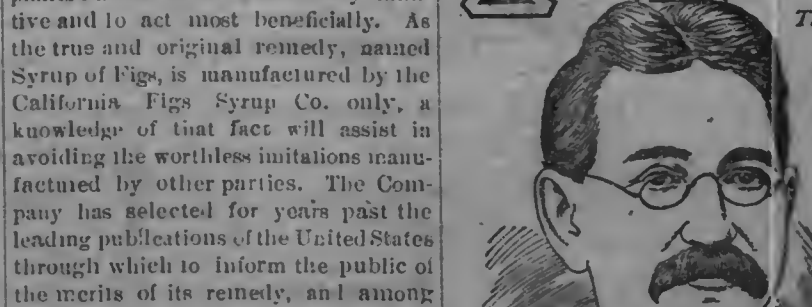

FIRMNESS.  
Jones—Dear me! You say you often  
lay down the law to your wife. How  
do you go about it?  
Hones—Why, all you need is firm-  
ness. I usually go into my study, lock  
the door and do it over the telephone;  
all you need is firmness—is the door?  
—Puck.

Endorsed by the Governor.  
West Virginia's chief magistrate recommends Peruna, the National Catarrh  
Remedy and Nerve Tonic.

REPRESENTATIVE MEN  
are slow to speak for publication. This is  
because their influence is so great. The endorse-  
ment of Governors, Senators and Congressmen  
guarantees merit. Public words of praise from  
such prominent officials must be based on positive  
knowledge. The recognition which the catarrh  
remedy Peruna is constantly receiving by men of national  
fame is very gratifying. Among recent letters from  
persons of eminence is the following from Governor  
Atkinson of West Virginia. The governor says:  
CHARLESTON, West Va., March 9, 1898.  
The Peruna Medicine Co., Columbus, O.  
Gentlemen:—I can recommend your pre-  
scription Peruna as a tonic. Its reputation  
as a cure for catarrh is excellent, it having  
been used by a number of people known to  
me with the very best results.  
Very truly,  
Gov. G. W. ATKINSON.

Catarrh is the national disease. Not  
an American family is free from it.  
The search for relief and cure is con-  
stant. Experiments of all kinds are  
continually made without result for  
good. Ignorance of the causes and  
nature of catarrh is universal. Catarrh  
is elusive, persistent, penetrating. It  
may exist in any organ of the body.  
For this national malady there exists  
the national scientific remedy Peruna  
which for forty years has been doing a  
grand work.

Peruna is the unflinching foe of  
catarrh and overcomes it wherever it  
may exist. It is the prescription of Dr.  
Hartman, President of the Surgical  
College, Columbus, O., who gives personal  
testimony to the fact of catarrh diseases.  
Dr. Hartman's letters on catarrh are mailed on application. All druggists sell Peruna.

Gov. G. W. ATKINSON  
of West Virginia.

NEW YORK FASHIONS.  
A chic costume is of drab Swedish  
cloth with self bands and black velvet  
bows as trimming.

Many of the high stock collars in  
vogue have cascades of iridescent beads  
draping from the front, almost to the  
belly.

Earrings are actually returning to  
favor. The daintiest ones in vogue are  
pear-shaped droppings, surmounted by  
a single diamond.

Linen frocks have been shelved by  
point de Paris and Valenciennes for  
trimming underclothes.

All of the charming Spring dresses  
shown by Best & Co. for little girls,  
reveal, if possible, a greater wealth of  
shoulder ruffling and general butter-  
fly-ness than ever. The sleeves, too,  
are full enough to look pretty and  
comfortable.

Bordered silks both plain and figured,  
are shown among Spring novelties.  
Narrow striped ribbons are as pre-  
valent among trimmings as ever.  
They give a dainty finish to any gar-  
ment, and fill in deficiencies most  
beautifully.

Some very exclusive designs appear  
in the new lengths for ladies' shirt  
waists.

Black is always in good taste for street  
wear. Spring costumes of light-weight  
black camel's hair serge are very de-  
sirable.

Tailor's silk shirt waists are made  
very attractive by the addition of crystal  
buttons. EVELYN CARLE.

Horrible agony is caused by Piles.  
Burns and Skin Diseases. These are  
immediately relieved and quickly cured  
by the Witt's Hives Ointment. Be  
ware of worthless imitations. Doug-  
las & Wells.

EVERYTHING GOES WRONG AT BEAR-  
WALLOW.

Bearwallow, although only a wide  
place in the pike where wagons pass  
each other, or as Dan Dougherty once  
said of Middleborough—that it was a  
snickling station for migratory birds—  
is capable of as many misadventures  
as any city of a hundred times its  
size. It is the village, as portrayed by  
our correspondent, Col. G. D. Hill.  
Here follow the franchises:

Isaac Ogg's fine work horse died last  
week.  
J. S. Ogg cut his foot badly last week.  
Irid Hick's prophesy, that rain would  
so heavily as to break in house-  
tops, has been verified: Clifton  
Benge's kitchen fell, breaking the furni-  
ture badly.

'Squire Young's chimney fell to-day.  
J. A. Linn came very near getting his  
right ear broken (during the  
fire) but escaped unhurt.

We are suffering awfully from bad  
roads.  
S. M. Graves' son fell from a mule  
Tuesday with painful results.  
S. M. Graves is very low.

Mrs. J. Adams is very ill.  
We pause here for breath, hoping  
that the calamities that have befallen  
Bearwallow citizens will be sufficiently  
stayed to permit of their recuperation,  
else the little hamlet will be wiped off  
the map.

Coughing influenza and sore  
lungs. One Minute Cough Cure  
loosens the cold, allays coughing and  
heals quickly. The best cure for  
children. Douglas & Wells.

BAD BUSINESS.  
An old graveyard digger who lived  
in a village at the foot of the Grampians  
was one day complaining about the  
dullness of times. "Man, John, is  
there that bid 'em' ye?" said a sym-  
pathizing neighbor. "Bul!" returned  
the digger, bringing his staff down with an  
impatient gesture. "I have na buried  
a leevin' soul this six weeks!"—N. Y.  
Tribune.

reduce weakness, nervousness, deplete  
of vigor and a whole train of symptoms  
which end in a ruinous, sterile life,  
social and domestic. No matter  
whether caused by evil habits in youth,  
natural weakness or sexual excesses, our  
New Method Treatment will positively  
cure you. You run no risk.

NO CURE—NO PAY  
Reader, you need help. Early shape or

GREENBACKS  
or Government Money.

At close of our Civil War in 1865,  
there appeared in the London Times  
the following:  
"If that mischievous financial pol-  
icy which had its origin in the North  
American Republic during the late  
Civil War in that country, should be  
continued down to a future,  
then that government will furnish its  
money without cost. It will have all  
the money that is necessary to carry  
on its trade and commerce. It will  
become prosperous beyond precedent  
in the history of civilized nations of  
the world. The Latin and wealth of  
all countries will go to North America.  
THAT GOVERNMENT MUST BE  
DESTROYED OR IT WILL DESTROY  
EVERY MONARCHY ON  
THIS GLOBE."

The famous Hazard circular, to  
capitalists in New York, and the Bull  
Bank circular to United States Bank-  
ers, both emanating from London, and  
the fabulous corruption fund raised in  
England and Germany, estimated at  
\$1,500,000, were the agents that se-  
cured the closing of our mints against  
silver.

The "walk into my parlor" policy  
of England, during and since the  
Spanish War, is the latest evidence  
of English Diplomacy in shaping the  
destiny of the United States Govern-  
ment.

Notwithstanding the famine price  
of wheat, the Spanish War, and fabu-  
lous expenditures of money by our  
government during the past year, gold  
has increased in value eleven per cent.  
and all other values decreased in the  
same proportion.

For a thorough understanding of  
the money question, or silver issue,  
the Cincinnati Enquirer has uniformly  
given evidence of its ability to teach,  
explain and produce all facts and  
truth. It is a paper that ought and  
can be read by all classes with pleas-  
ure and profit.

### Shropshire Won.

Central University will be represented at Lexington by Mr. N. L. Shropshire, at the late collegiate Oratorical Contest, having been declared the winner of the preliminary last Friday night. Mr. O. C. Crooke, of this county, was awarded second honor. The contest was presided over by Mr. Harry Moffett, of Lebanon.

### Grindstone Out of Whack.

Nearly every day we receive marked copies of papers, naming Honorable So and So for some office at the fall election. It goes to show one of two things: There is either a world of money in holding office or there is a powerful chance of men out of a job who can find nothing else to do. Any of these aspirants can have the customary card inserted in this paper at space rates, cash in advance, but the handle to our grindstone is lost and no axes can be ground at this office.—Lancaster Record.

### Brilliant Concert in Prospect.

A number of our citizens are seeking to engage Mr. J. Powers, the brilliant New York vocalist, under whom Mr. Little Logan Keen, of this city, has been studying during the past winter, in a concert to be given here in the near future in compliment to Mrs. Keen. Mrs. Keen's voice has met with unusual recognition from this distinguished teacher and also from the New York musical world, and it is much to be hoped that we shall have the privilege of enjoying so sure a pleasure.

### A Card of Thanks.

The students of Madison Institute wish to express to the people of this community their cordial appreciation of and hearty thanks for the generous aid received by them in their undertaking on February 28. The donations were most generous and the patronage most liberal. Owing to the kindly interest and assistance of our friends in the town and county the "Week's Social" was a great success. We thank you.

GEORGIA LITTON, MARGARET HARRILL, FRANCES MASON, Committee.

### Killed by the Electric Light Current.

Former Jailor J. L. Juett died at Cynthiana from the effects of a severe electric shock. An electric light wire came in contact with an iron column in the new Hamilton Hotel and charged the entire building. Mr. Juett was leaving the hotel and stepped upon a zinc plate, and was knocked to the floor by the shock. He was taken to his residence, where he died in about fifteen minutes. Several other persons were shocked and the hotel was set on fire by the current, but no material damage was done to the building. The company that operates the electric light plant at Cynthiana is the same which has secured the franchise in this city.

### Local Option Election Annulled.

The local option election, held last November, wherein a majority of the voters of three districts, Richmond, Estill, and Union, decided in favor of no license, has been declared null and void by the County Board of Election Commissioners, John B. Chennault and D. J. Clay sitting. W. A. Langford absent. The constitutionality of the vote was questioned, it being claimed by the friends of license that an election would not be binding, held as it was in three precincts at once, the majority to control. In other words that the voters of one section ought not say what the voters of another shall have. Accordingly the attorneys on both sides agreed to submit a statement of the case to the Board which made a ruling in accordance with the above statement. However, they grant an appeal to the Circuit Court, when a very pretty point in the new election law will be tested. The friends of no license, or local option, claim that the powers of the Board are not such as to permit it to exercise the functions of the judiciary, which in this instance, it is claimed, it did. It is stated that the Board's jurisdiction ceases with a statement of the actual facts, that is that the election result as shown on the free of the returns, and from this opinion appeal may be taken. However, as the attorneys agreed to submit the entire question to the Board, the latter probably meant no usurpation but simply complied with the request for their opinion, and allowed appeal therefrom.

### Fire Insurance Money Paid.

Granville Clark has received from the Hurst Home Insurance Co., of Millersburg, the full amount of his policy, \$1,000, on his house burned last January. The claim was adjusted by Dr. rector Dan S. Harber and Supt. Chaney, and Mr. Clark expressed the utmost satisfaction with the company's acts.

### Highest Price at The Best House.

Harry S. Morgan sold his crop of tobacco at the Peoples House in Louisville recently. His crop sold for more money than any other tobacco that was offered that day and there were 1,000 bids changed hands. He thinks this good price was greatly due to the energy and special attention given his crop in the warehouse by Messrs. Head and Reese. Mr. Morgan says he advises everybody to stop at the Peoples House if they want to get the highest market prices.

### A Serious Position

is that of a person who through neglect of a seemingly trivial cough or cold is threatened by that dread destroyer of mankind, consumption. Do not neglect a cough or cold, however trifling it is a menace of consumption. Dr. Bell's Pine-Tree-Honey will cure a cough or cold in one night and exhilarate the lungs against the inception of danger.

It is possible that the lungs were forming an egg-trust?

I have been afflicted with rheumatism for fourteen years and nothing seemed to give me relief. I was able to go around all the time, but constantly suffering. I had tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did, and was immediately relieved and in a short time cured. I am happy to say that it has not since returned.—Joseph E. Evers, Germantown, Cal. For sale by Perry & Thomas. mar 1-im

Take care of the pennies, and somebody else will take care of the dollar for you.

Rev. E. Edwards, pastor of the English Baptist Church at Moberly, Mo., Pa., when suffering with rheumatism, was advised to try Chamberlain's Pain Balm. ### Lung Irritation

is the forerunner to consumption. Dr. Bell's Pine-Tree-Honey will cure it, and give such strength to the lungs that a cough or cold will not settle there. 25 cents at all good druggists.

It comes from New York that the Southern has secured control of the Air Line.

A foul breath is one of the greatest afflictions that a man or woman can have. An affliction not only to themselves, but to those with whom they come in contact. A foul breath is the worst discourager of affection. It would probably be more so if people only realized just what it means. Bad breath is one of the symptoms of constipation. Some of the other symptoms are sour stomach, loss of appetite, sick and bilious headaches, dizziness, heartburn and distress after eating. These things mean indigestion. They tend to dyspepsia and worse things. They all start with constipation, and constipation is incurable because it can be cured—easily, quickly and permanently, by the use of Dr. Pierce's Pleasant Pellets. They give to nature just the little help that she needs. There is no case of indigestion, constipation, indigestion, "heartburn," or any of the rest of the nightmare-breeding brood, that these little "Pellets" will not cure.

Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page Common Sense Medical Advice, Illustrated.

Mrs. Jessie Workman was burned to death at her home, near Louisa.

### MARION AND THE LION.

Something Better Than The Old Saw. The saying about the lion and the lamb in March often proves false, but there is another and a better one which is literally true. When March comes in and finds you taking Dr. Cassell's Sarsaparilla to purify, enrich and vitalize your blood, you may expect, when it comes out, that it will leave you a free from that tired feeling and with more of the bold, plucky and energetic which manifest themselves because of the blood in the spring. If you have not already begun taking Dr. Cassell's Sarsaparilla for your spring medicine, we advise you to begin today. We assure you it will make you feel better all through the coming season.
